

100% waterproof and very resistant: a revolution for nautic sports!

certified **IPx8**

- 100% waterproof MP3 player
- Anti-rust and shockproof aluminium body
- Rechargeable lithium battery
- Full accessory package provided, waterproof earphones included

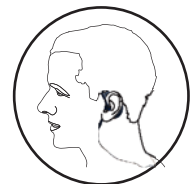

Kanyon is a real innovation for sporting world. It is a waterproof and strong MP3 player. You can use it during outdoor activities such as jogging or biking but also during nautic activities such as swimming, sailing or canoeing. Kanyon has passed water immersion test with success. It is IPx8 certified. Its aluminum body with anti-oxidation processing gives the unit greater protection against accidental damage from either dropping or rust in water. You will enjoy all the accessories included: waterproof earphone set with 3 sizes of ear buds, adjustable armband, fast speed USB download cable and quick starter guide.
