

- Audio, Video & Photo player
- Easy-to-use Trackball Control
- Slim design / glossy & aluminium casing
- 2.2" TFT screen, 262K couleurs
- FM Radio

Once again Memup innovates and launches the first MP3 player with "Trackball control" technology. With a simple finger move, navigate in the menu in a very intuitive way and select your best songs, videos and radio stations. Besides, for night users, the trackball control is backlit and its 2.2" high definition screen insures you an optimal legibility. Its unique design Black and Glossy is certainly going to make other people jealous. Be ready!
